Reviewers:

P.F. Litvitsky, MD, Professor, Corresponding Member of the RAS, Head of the Department of Pathophysiology, First Moscow State Medical University (Sechenov University), Ministry of Health of the Russian Federation
S.V. Chausova, MD, Associate Professor, Department of General Pathology of the Biomedical Faculty, Pirogov Russian National Research Medical University, Ministry of Health of the Russian Federation

Composed by:

J.M. Salmasi, MD, Professor, Head of the Department of Pathophysiology and Clinical Pathophysiology
G.V. Poryadin, MD, Professor, Corresponding Member of the RAS, Department of Pathophysiology and Clinical Pathophysiology
N.I. Berechnova, PhD, Associate Professor, Department of Pathophysiology and Clinical Pathophysiology
N.L. Bogush, PhD, Associate Professor, Department of Pathophysiology and Clinical Pathophysiology
L.I. Zelichenko, PhD, Associate Professor, Department of Pathophysiology and Clinical Pathophysiology
T.Yu. Ruchinskaya, PhD, Associate Professor, Department of Pathophysiology and Clinical Pathophysiology
N.V. Khamnagdaeva, Senior Lecturer, Department of Pathophysiology and Clinical Pathophysiology

Pathophysiology : Cours of Lectures / Ed. by G.V. Poryadin, J.M. Salmasi. — Moscow : Medical Informational Agency, 2020. — 572 + IV p.

ISBN 978-5-9986-0399-0

This tutorial is composed in accordance with the requirements of the current Federal State Educational Standards of Higher Education. It is prepared by the faculty of the Department of Pathophysiology and Clinical Pathophysiology of the Federal State Budgetary Educational Institution of Higher Education of the Ministry of Health of the Russian Federation “Pirogov Russian National Research Medical University”. The tutorial consists of 35 lectures which consistently present the basic topics of general and clinical pathophysiology. The theoretical material is accompanied by illustrations and tables. The tutorial is designed for undergraduate and postgraduate English speaking students studying this subject in Russian universities.

ОГЛАВЛЕНИЕ

Lecture 1. Introduction to Pathophysiology. <i>Liudmila Zelichenko</i>	1
Lecture 2. Cell Injury. <i>Tatiana Ruchinskaya</i>	12
Lecture 3. Hemodynamic Disorders. <i>Nina Bogush</i>	24
Lecture 4. Acute Inflammation. Part I. <i>Liudmila Zelichenko</i>	44
Lecture 5. Acute Inflammation. Part II. <i>Liudmila Zelichenko</i>	54
Lecture 6. Acute-phase Response. <i>Liudmila Zelichenko</i>	66
Lecture 7. Disorders of the Immune System: Immunologic Deficiency Syndromes. <i>Liudmila Zelichenko</i>	78
Lecture 8. Disorders of the Immune System: Type I Hypersensitivity. Allergy. <i>Liudmila Zelichenko</i>	95
Lecture 9. Disorders of the Immune System: Type II, III, IV Hypersensitivity. <i>Liudmila Zelichenko</i>	109
Lecture 10. Disturbances of Hemostasis. <i>Liudmila Zelichenko</i>	124
Lecture 11. Pathophysiology of Carbohydrate Metabolism. Diabetes Mellitus. <i>Nina Bogush</i>	139
Lecture 12. Disorders of Lipid Metabolism. <i>Nina Bogush</i>	160
Lecture 13. Disorders of Water-electrolyte Balance. <i>Tatiana Ruchinskaya</i> ..	169
Lecture 14. Disorders of the Acid-base Balance. <i>Tatiana Ruchinskaya</i>	188
Lecture 15. Neoplasia. <i>Liudmila Zelichenko, Oleko Mishnev</i>	201
Lecture 16. Stress and General Adaptation Syndrome. <i>Liudmila Zelichenko</i>	220
Lecture 17. Disorders of the Endocrine System. Part I. Common Mechanisms of Disturbances of Endocrine Functions. <i>Liudmila Zelichenko</i>	233
Lecture 18. Disorders of the Endocrine System. Part II. Pituitary and Adrenal Glands Dysfunction. <i>Liudmila Zelichenko</i>	247

Lecture 19. Disorders of the Endocrine System. Part III. Thyroid and Parathyroid Glands Dysfunction. <i>Liudmila Zelichenko</i>	258
Lecture 20. Blood Disorders. Part I. Pathophysiology of Red Cell Disorders. Anemias. <i>Liudmila Zelichenko</i>	270
Lecture 21. Blood Disorders. Part II. Pathophysiology of Red Cell Disorders. Anemias and Erythrocytosis. <i>Liudmila Zelichenko</i>	289
Lecture 22. Blood Disorders. Part III. The Pathophysiology of White Cell Disorders. <i>Liudmila Zelichenko</i>	307
Lecture 23. The Pathophysiology of Disorders of the Cardiovascular System. <i>Nina Bogush</i>	334
Lecture 24. The Pathophysiology of Heart Failure. <i>Nina Bogush</i>	346
Lecture 25. The Pathophysiology of Arterial Hypertension. <i>Nina Bogush</i> ...	354
Lecture 26. The Pathophysiology of Failure of the Respiratory System. Part I. <i>Tatiana Ruchinskaya</i>	374
Lecture 27. The Pathophysiology of Failure of the Respiratory System. Part II. <i>Tatiana Ruchinskaya</i>	394
Lecture 28. The Pathophysiology of Disorders of the Gastrointestinal Tract. <i>Liudmila Zelichenko</i>	415
Lecture 29. The Pathophysiology of Gastric and Duodenal Ulcer (Peptic Ulcer Disease). <i>Jean Salmasi</i>	432
Lecture 30. The Pathophysiology of Hepatic Injury. <i>Nelia Berechnova, Gennadiy Poryadin, Nadezhda Khamnagdaeva</i>	447
Lecture 31. The Pathophysiology of Renal Failure. Part I. <i>Liudmila Zelichenko</i>	473
Lecture 32. The Pathophysiology of Renal Failure. Part II. <i>Liudmila Zelichenko</i>	490
Lecture 33. The Pathophysiology of Disorders of the Motor Systems. <i>Tatiana Ruchinskaya</i>	503
Lecture 34. The Pathophysiology of Pain. <i>Tatiana Ruchinskaya</i>	531
Lecture 35. The Pathophysiology of Shock. <i>Tatiana Ruchinskaya</i>	550
